**NEW YORK, Dec. 26.—(Exclusive Dispatch.)** The government is going to give up its transport service to the Philippines, according to Secretary Root and Adj. Gen. Corbin. Secretary Root and Gen. Corbin think the time has come when a private line, operating between San Francisco and Manila, could do better work for the government in transporting supplies and soldiers than it can do itself. Secretary Root said today that he hoped some Pacific Coast people would come forward with a proposition to the government to run frequent steamers to Manila from San Francisco, and if such proposition be made by reliable men, Secretary Root says that the government transports will be taken off and the business be given under contract, if necessary, to a new line. The War Department is now spending a good deal more for transport service than Secretary Root thinks is profitable, and he had reached the conclusion that this transport line keeps other ships from going into the business, and so actually restricts the building of trade between California and the Philippines. This fact that it does restrict the business is a disadvantage to the government, he said.

**MYSTERIOUS ROBBERY.**  
**VALUABLE DIAMONDS TAKEN.**  
**WASHINGTON, Dec. 26.—(Exclusive Dispatch.)** A mysterious robbery of a diamond chain, valued at \$2500, of which either the Adams Express Company or Shaw & Berry, a local jewelry firm, which shipped it to New York, are probably the victims, occurred some time between Sunday afternoon and this forenoon. The jewelry was dispatched from here to Joseph Frankel & Sons, No. 68 Nassau street, New York. When delivered there was no evidence that the seal had been tampered with, and the package was not opened in New York until today, when the chain was found missing.

**AMERICAN GOODS IN DEMAND.**  
**WASHINGTON, Dec. 26.—(Exclusive Dispatch.)** The State Department made public today extracts from the first annual report of United States Consul Norton at Harput, Turkey. **LONDON, Dec. 26.—(Exclusive Dispatch.)** The British have sustained a severe reverse in South Africa at the hands of their redoubtable enemy Dewet. Christmas eve Col. Firmans camp at Zeerust, in the north-eastern part of Orange River Colony, was successfully "rushed" by a considerable force of Boers under the leadership of that famous guerrilla general. Only meager particulars are yet known, but the Boers' column consisted of four battalions of Yeomanry, which were guarding the blockhouse line from Harrismith to Bethlehem. They had two guns with them, and these, apparently, the Boers have gotten away with. Although two battalions of Imperial Light Horse have gone in pursuit, Lord Kitchener does not hold out any hope that Dewet will be overtaken.

**Following so quickly on the news of Col. Damant's defeat at Telford, Orange River Colony, and Maj. Brindley's defeat at Reginerdy, in the Transvaal, reports of this successful move on the part of Dewet has caused a renewal of the uneasiness here with regard to the military situation in South Africa.**

Injured their transport, made a night march with the intention of surrounding Gen. Christian Dewet. They failed to locate his headquarters, however, and when they went into camp they were attacked by Dewet with a superior force. The Imperial Light Horse had fifteen casualties, but repulsed the Boers, killing six and capturing sixteen.

## MR. MACLAY CAN'T STAY.

He Goes to Work, but is Sent Away.

Says He Will Return On Time Today.

NEW ARMORED CRUISERS WILL BE EQUIPPED THEREFOR.

Signor Marconi Met at North Sydney by Representative of the Canadian Government and Other High Officials. The Transatlantic Experiments Embryonic.

(BY THE NEW ASSOCIATED PRESS-P.M.) WASHINGTON, Dec. 26.—The Navy Department has taken the initial steps toward the adoption of wireless telegraphy as a means of signaling between warships at sea. To this end, Admiral Bradford of the Bureau of Equipment has asked that the armored cruisers of the Pennsylvania class have their masts and rigging so arranged that the wireless system can be introduced. This will necessitate the lengthening of the masts of the ships and the installation of the rigging by the use of hemp covering for halyards. It is intended to get test sets of instruments of the wireless systems now being operated. These included the Marconi system. Thus far, however, the Navy Department has not adopted definitely any system, but the construction of the new ships is regarded as preliminary to the adoption of a system, which ensures the practicality when established fully. The British navy already has a number of its ships equipped with the wireless system, but this is the first move on the part of the American navy to make use of a wireless system.

## MARCONI IN CANADA.

MEET HIGH OFFICIALS. (BY THE NEW ASSOCIATED PRESS-P.M.) HALIFAX (N. S.), Dec. 26.—The Marconi wireless telegraph system was tested today. Marconi was met by Mr. Smith on behalf of the Canadian government. Premier Murray of the Nova Scotia government, and other high officials of the government were present. Marconi expressed a desire to place on record his appreciation of the courtesy shown him by the Canadian government and its desire to further his work. He stated that he had been in Cape Breton for a number of days, and that he had been in the process of erecting a permanent station, and he says the point chosen for the station is one of the best in the world. Marconi was asked as to the present stage of his experiments in telegraphing across the Atlantic. Marconi said that up to the present only one letter continuously repeated had been received.

County Physician Orders All Precautions Taken, but Citizens Still Doubt Correctness of Diagnosis—J. W. Gillett's Bad Plight at Bakersfield.

## SHAW GETS A TELEGRAM.

The President is Delighted That the Governor is Willing to Be Secretary of the Treasury.

(BY THE NEW ASSOCIATED PRESS-P.M.) BAKERSFIELD, Dec. 26.—The discovery has been made, through the arrival of a letter from the County Hospital from Randburg, that about twenty residents of that place are afflicted with smallpox. The disease had been pronounced "skin trouble," and but little attention was at first paid to it. Later so many were taken ill that a physician was called from this city. He also pronounced it "skin disease." Dr. Schaefer, the county physician, was also called to Randburg, and he promptly and emphatically stated that the cases were smallpox. Lightly has been removed to the postoffice hospital, and the Board of Supervisors has been notified of the existing condition of affairs. Many residents of Randburg are of the opinion that the malady is not smallpox, and that it may be imported to give his views of the affair. Dr. Schaefer is so positive in his diagnosis that all care will be taken to prevent a further spread of the dread disease.

## SHOOTER PROSTRATED.

J. W. Gillett, the man who accidentally shot and killed his friend, J. W. Lacey, at Waco, came into Bakersfield Tuesday night in a state of complete prostration. He was at first taken to the County Hospital, but, being a man of means, subsequently went to a hotel, where he is now under medical treatment. He is unresponsive by the dreadful affair, as he and the man he accidentally killed were the best of friends. Further details from the scene of the shooting show that there was no accidental explosion of the rifle, as reported. Lacey was at the target where the men were practicing with their guns. Just as Gillett fired, Lacey leaped over to see the effect of a former shot. The bullet went clear through his head, causing instant death.

## DISCORDANT DEMOCRATS.

Doing Their Best to Increase by One the Republican Majority in House of Representatives.

(BY THE NEW ASSOCIATED PRESS-P.M.) NEW YORK, Dec. 26.—The factional differences among the Democrats of the Seventh Congress District over the nomination of a candidate for the seat in Congress made vacant by the resignation of Nicholas Muller, reached the Election Bureau today. The "ends of Joseph O'Grady, representative of Assemblymen Elmer Gardner, filed protests against the nominations of Perry Belmont and John E. Bunnell. The main objections set forth were of a technical nature, and concerned the legality of the nominating conventions. An incident of the contest is a personal quarrel between Belmont and Perry Belmont. The latter has threatened to sue the Tammany leader for libel.

## PERRY BELMONT NAMED.

(BY THE NEW ASSOCIATED PRESS-P.M.) NEW YORK, Dec. 26.—The Greater New York Democracy, in convention tonight, unanimously nominated Perry Belmont as its candidate for the Seventh Congress District.

## WASHINGTON. WIND ROARS AND RAGES.

Conductor Blown From Train and Killed.

Snow Storm Rides on the Fierce Gale.

Telegraph Lines Go Down and Trains Delayed for a Time.

Civil Service Commission Drops Him Hard—View of the Legal Aspect.

(BY THE NEW ASSOCIATED PRESS-P.M.) NEW YORK, Dec. 26.—Edgar Stanton MacLay, who refused to resign as special laborer in the office of the general superintendent of the navy yard, was summarily discharged today. MacLay went to the navy yard as usual this morning, and prepared to resume his duties. Pay Director Putnam went to MacLay's desk, read him the telegram received from Washington yesterday, and told him that he was being discharged. MacLay left the yard immediately. He said he would return at the usual time tomorrow, prepared to go to work.

## WHITE HOUSE CLOSED.

THE PRESIDENT IS STILL THERE. (BY THE NEW ASSOCIATED PRESS-P.M.) WASHINGTON, Dec. 26.—The White House was closed today because of the storm. Only visitors having urgent and important business will be seen by the President during the coming week. Mrs. Roosevelt and the children sailed down the Potomac River this afternoon on the government yacht Dolphin. They will be gone several days. The storm is expected to be at its height tonight, and the White House will be closed tomorrow.

## CIVIL SERVICE DUMPS HIM.

(BY THE NEW ASSOCIATED PRESS-P.M.) WASHINGTON, Dec. 26.—The Civil Service Commission today notified Edgar S. MacLay that his removal from his position as special laborer in the navy yard was not in violation of the civil-service act. This notification is contained in a letter written to MacLay by President Proctor of the commission, and is in reply to an inquiry from him. MacLay's letter is as follows:

OFFICE OF THE GENERAL STOREKEEPER, NEW YORK, Dec. 24. Hon. John R. Proctor, President Civil Service Commission—Sir: On December 23, yesterday, I received the following communication of the Secretary of the Navy:

"I am directed by the President to ask Edgar S. MacLay, special laborer, general superintendent of the navy yard, New York, to send in his resignation. (Signed) JOHN D. LONG, Secretary."

This communication was addressed to the commandant of this navy yard, and was duly referred to me. I desire to get an authoritative opinion from the Civil Service Commission on the following question:

(1) Has the President of the United States any authority under the laws governing civil service to demand the resignation of a civil-service employee in the classified list?

(2) Has the President the power or authority to cause the dismissal of any civil-service employee without preferring charges in writing and giving said employee an opportunity in which to make a defense?

(Signed) EDGAR S. MACLAY. To this the president of the commission replied by letter, dated December 23, 1935.

In response to your questions, you are informed that it is contrary to the practice of the commission to undertake to answer hypothetical questions. Your separation from the service, according to the facts in your case, as the president of the commission, is made upon the order of the Secretary of the Navy, in whom the power of removal rests. The demand for your resignation, followed by your removal, upon the direction of the President, through the Secretary of the Navy, is not in violation of the civil-service act and rules, in view of the well-known fact that the President has the power to remove any civil-service employee without preferring charges or removal.

Very respectfully, (Signed) JOHN R. PROCTOR, President. President Proctor of the Civil Service Commission also gave out the following statement bearing upon the case:

"The commission has always held, as shown in its thirteenth report, January 1, 1935, that the authority of removal and its exercise for proper reasons are necessary for the discipline and efficiency of the service. The power of removal is not affected by the law or the rules, further than that they provide for removal. No issue of this kind is involved in your case."

## CIVIL SERVICE DUMPS HIM.

(BY THE NEW ASSOCIATED PRESS-P.M.) WASHINGTON, Dec. 26.—The Civil Service Commission today notified Edgar S. MacLay that his removal from his position as special laborer in the navy yard was not in violation of the civil-service act. This notification is contained in a letter written to MacLay by President Proctor of the commission, and is in reply to an inquiry from him. MacLay's letter is as follows:

OFFICE OF THE GENERAL STOREKEEPER, NEW YORK, Dec. 24. Hon. John R. Proctor, President Civil Service Commission—Sir: On December 23, yesterday, I received the following communication of the Secretary of the Navy:

"I am directed by the President to ask Edgar S. MacLay, special laborer, general superintendent of the navy yard, New York, to send in his resignation. (Signed) JOHN D. LONG, Secretary."

This communication was addressed to the commandant of this navy yard, and was duly referred to me. I desire to get an authoritative opinion from the Civil Service Commission on the following question:

(1) Has the President of the United States any authority under the laws governing civil service to demand the resignation of a civil-service employee in the classified list?

(2) Has the President the power or authority to cause the dismissal of any civil-service employee without preferring charges in writing and giving said employee an opportunity in which to make a defense?

(Signed) EDGAR S. MACLAY. To this the president of the commission replied by letter, dated December 23, 1935.

In response to your questions, you are informed that it is contrary to the practice of the commission to undertake to answer hypothetical questions. Your separation from the service, according to the facts in your case, as the president of the commission, is made upon the order of the Secretary of the Navy, in whom the power of removal rests. The demand for your resignation, followed by your removal, upon the direction of the President, through the Secretary of the Navy, is not in violation of the civil-service act and rules, in view of the well-known fact that the President has the power to remove any civil-service employee without preferring charges or removal.

Very respectfully, (Signed) JOHN R. PROCTOR, President. President Proctor of the Civil Service Commission also gave out the following statement bearing upon the case:

"The commission has always held, as shown in its thirteenth report, January 1, 1935, that the authority of removal and its exercise for proper reasons are necessary for the discipline and efficiency of the service.  (BY DIRECT WIRE TO THE TIMES.)  
 STOCKTON, Dec. 26.—(Exclusive Dispatch.) Charles F. Oldham of London has accepted the invitation of the Stockton Chamber of Commerce to visit this city next Saturday, and to inspect the wineries in this vicinity. For several weeks Oldham has been in the State and has bought thousands of gallons of various kinds of wine, which are shipped by steamer to England. They are then bottled and sent throughout the United Kingdom, India and South Africa.

 (BY DIRECT WIRE TO THE TIMES.)  
 SAN JOSE, Dec. 26.—(Exclusive Dispatch.) "Joe, the Turk," the Salvation Army worker who has acquired notoriety by his peculiar ways, was fined \$5 in the Police Court today for obstructing the streets. The trial was by jury several days ago. Notice was given of appeal. The relations between the city and the Salvation Army are strained, and the intention of the city is to carry the case to its limit in the determination to protect what they claim to be their rights.

**CAPT. BRUCE SPENT MONEY.**  
 (BY DIRECT WIRE TO THE TIMES.)  
 STOCKTON, Dec. 26.—(Exclusive Dispatch.) Capt. William Bruce of Co. B, N.G.C., of this city, will be officially dismissed from the service of the National Guard January 4, for failing to make proper returns of funds in his hands. Though it is believed that Bruce spent the money in improving the efficiency of his company, he did not keep his accounts straight for several months. He lost his report, or did not secure bills, and he reports get behind, so it was impossible for him to untangle them. He lost interest in the work of the guard, and was finally suspended.

**State Department at Washington Had Gone to the Lengths of Official Practice in Efforts to Avert a War Between Chile and Argentina.**

**WASHINGTON, Dec. 26.—**The State Department has been informed by United States Minister Wilson at Santiago, Chile, that the difference between Chile and Argentina was being regarded as settled, through the signing yesterday of a protocol providing for the submission of the boundary line and the Ultima Esperanza territory dispute to the arbitration of the King of Great Britain. This announcement has given great satisfaction to the officials here, who have gone to the lengths of official practice in their efforts to avert a war between the two republics.

**WASHINGTON, Dec. 26.—**The Argentine Minister, Dr. Garcia-Merou, today received a dispatch from the Ministry of Foreign Affairs, Buenos Aires, announcing the satisfactory termination of the Chile-Argentina boundary dispute. The dispatch is as follows: "The pending incidents with Chile have been given up by agreement directly with the government of that country, and in a satisfactory form. The Chilean government has agreed to withdraw the police forces which they have maintained in the territory in dispute, and the Argentine government has agreed to maintain the status quo in the Ultima Esperanza territory."

**ALCORTA.**  
 Mr. Garcia-Merou expressed himself as highly gratified with the dispatch, and said that he was confident that the terms of settlement showed that Argentina's earnest desire to reach a peaceful solution of the dispute, and his own government's willingness to make a considerable sacrifice. By both forces withdrawing their police from that territory, the government ownership of the Ultima Esperanza territory becomes a question for arbitration.

## LOCOMOTIVES CRIPPLED.

Tremendous Traffic Has Prevented Repairs.

Hauling Capacity Below Normal All Round.

Texas Oil Men's Complaint. Rock Island and the Southern Pacific.

THE NEW ASSOCIATED PRESS—P.M. CHICAGO, Dec. 26.—Iron and Steel

tomorrow will say: "Precedence of all other conditions in the metal market is taken by the transportation problem. A month ago it was confidently expected that by January 1 the normal efficiency of the carriers would be restored. Today that

longed-for condition seems as far distant as ever. The extremely crippled condition of railway traffic is now generally accounted for in this way. The American plan of locomotive operation is to get the maximum amount of service in the shortest possible time. That is, a locomotive will be worked twenty-four hours a day for ten years, when possible, rather than twelve hours a day for eighteen or twenty years as is done in Europe.

"For the past six months, or longer, railway repairmen have been working to their utmost capacity, because of an unprecedentedly large volume of freight. It was the anticipation of the traffic managers that the heavy freight movement would end before the holidays, as a previous year, and that there would be ample opportunity for extensive repairs. But traffic unexpectedly kept up, or increased.

"The result is that nearly half the locomotive capacity is crippled, waiting for repairs that cannot be completed in six months. Consequently the present hauling capacity of the railroad companies is considerably below normal with prospects of only slow improvement."

TRAFFIC AGREEMENT. SPOKE AND ROCK ISLAND. BY THE NEW ASSOCIATED PRESS, P.M. SAN FRANCISCO, Dec. 26.—William

brooks, freight traffic manager of the Southern Pacific Company, who has just returned from a traffic conference in Chicago, confirms the published dispatches concerning the new traffic agreement between the Southern Pacific and Rock Island roads.

"It is true," he said, "that the two companies have arranged for an interchange of business at El Paso, but there is no truth in the statement that the Rock Island line will be closed to build west of El Paso. The Rock Island's new line, in connection with the Southern Pacific line west of El Paso, will constitute a short line from Chicago and Kansas City to Los Angeles, and the Rock Island is already advertising it as 'The Great Rock Island Road.'"

RUMOR SET AT REST. MELLEN HAS NOT RESIGNED. BY THE NEW ASSOCIATED PRESS—P.M. ST. PAUL (Minn.), Dec. 26.—President Mellen of the Northern Pacific tonight authorized a plain statement that he had not resigned, and that he did not contemplate resigning. The statement was at rest the reports of resignation on the part of J. J. Hill.

NEW OFFICERS. GREAT NORTHERN CHANGES. BY THE NEW ASSOCIATED PRESS—P.M. ST. PAUL (Minn.), Dec. 26.—J. A. Hahon, general western traffic manager of the Great Northern, is to become vice-president January 1, and will be officially announced before the end of the week.

RAILWAY BUILDING. RECORD-BREAKING YEAR. BY THE NEW ASSOCIATED PRESS—P.M. CHICAGO, Dec. 26.—Figures have just been prepared by the Railway Age showing that railway building in the United States during 1935 has been faster than in any of eleven years previous, the total approximating \$507 million. In 1924, the total was \$370 million, and in 1930 was \$437 million. The construction for the year added to the total mileage of the country, brings the total mileage of the country to approximately 159,270 miles.

TEXAS OIL MEN'S SUIT. RAILROADS WITHHOLD CARS. BY THE NEW ASSOCIATED PRESS—P.M. AUSTIN (Tex.), Dec. 26.—Members of the Texas Railway Commission returned today from the Beaumont oil fields, where they have been investigating the charges that the railroads are discriminating against the oil fields by not furnishing transportation for the product. It is said that several damage suits will be instituted against the railroads by the oil men.

UNION PACIFIC REPORT. BY THE NEW ASSOCIATED PRESS, P.M. NEW YORK, Dec. 26.—The board of directors of the Union Pacific had a meeting today. It was the intention to give out an annual report at the delay on the part of the printer and it necessary to postpone this until tomorrow.

ROCK ISLAND EXTENSION. COMPLETED TO SANTA ROSA. BY THE NEW ASSOCIATED PRESS, P.M. LEBANON (Kan.), Dec. 26.—The Rock Island extension from here to Santa Rosa, N. M., was completed today. The El Paso and Eastern, which is to be completed at this point, and working order.

## DEFEW'S GREAT EVENT.

Marriage of the New York Senator and Miss May Palmer Will Take Place Today at Nice.

BY THE NEW ASSOCIATED PRESS—A.M. NEW YORK, Dec. 27.—United States Senator Chauncey M. Depew and Miss May Palmer will be married here today (Friday), at 2 p.m., in the American consulate, by United States Consul Harold S. Van Buren, who will conduct the civil ceremony, under a special dispensation granted by the Secretary of State, cables the New (France) correspondent of the World. The first religious ceremony will take place in the Catholic Church of Notre Dame on Saturday at 11 a.m. Then will follow a wedding in the American church at 12 noon. There a company of sailors from the American squadron will form a guard. The church wedding, however, will be the legal one in France. The bridegroom's witnesses will be James Gordon Bennett and Count de Serres.

Depew is the guest of Countess de Serres, his cousin, a grandniece of the Countess Vanderbilt. The Countess will give a reception after the ceremony.

Senator and Mrs. Depew will start away directly after the wedding, and will sail from the United States January 1. Miss Palmer is staying at the Hotel des Britanniques.

LOCAL SPORTING RECORD. BIG BOWLING SCORE MADE BY NOODLES.

DEFEAT RIVERSIDE PLAYERS WITH GREAT EASE.

Winners Play All Around the Country Bowlers at Tenspin and Show Them a Few Totals—Dysinger Makes the Best Average of the Night.

The Noodle Club of this city went to Riverside last night to play a game with the team in that town, and in winning made the most remarkable score recorded in Southern California at tenspin. It was 232, and resulted from three games of 80, 83 and 69.

Each one of the players from this city was in fine form, and bowled as if his life depended on success. Dysinger made the high average of 136.1, and Harry Burke the high roll of 222.

The match was rolled in the Monarch alleys of Corby & Hamm, and while the Riverside players were acquainted with the alleys to a certain extent, they were never in the game at any stage. The scores in detail were as follows:

NOODLES.

Dysinger 136.1, Burke 132.1, Peterson 128.1, Thompson 124.1, Team average—132.1.

RIVERSIDE.

Petro 112.1, Blum 108.1, Hannan 104.1, Thompson 100.1, Team average—106.1.

WASHINGTON TEAM WIN.

The Washington team beat the Owls last night in a tournament game at the Washington alleys. The game was very close, and was only decided in the last few frames. The scores were as follows:

WASHINGTON.

Harris 124.1, Smith 120.1, Lee 116.1, Farmer 112.1, Team average—118.1.

OWLS.

Dorian 112.1, Best 108.1, Lee 104.1, Alger 100.1, Team average—111.1.

WHITTIER GAME.

The Rivers and Ranchito tennis team went to Whittier yesterday afternoon and played a game with the Whittier Juniors. The visiting rollers made a decided improvement upon the figures secured in their last match, but were nevertheless beaten in all three rubbers by a total of 6-1.

WHITTIER JUNIORS.

Correll 124.1, Hixon 120.1, Linn 116.1, Deamon 112.1, Team average—118.1.

BASEBALL.

PACIFIC BEAT POMONA. A very lively game was played at Pomona on Christmas Day between a picked nine of Pomona players and the Pacifics of this city. For the first three innings neither team could score, but after that the Pacifics hit the ball often enough to make thirteen runs and at the end of the game the score was 13 to 4 in favor of the Pacifics. They will go to Riverside on New Year's to play against a picked team of that town.

TUFTS-LYONS LOSE. The Tufts-Lyons Club of this city went to Riverside on Christmas Day and met defeat at the hands of the Riverside team by a score of 7 to 5. The victors were reinforced by Hale and pitcher, and although they were battered hard and often, and the team

WRITES OF HIS FAITHFUL.

Senator Hanna Bears Testimony to the Noble and Modest Character of the Late President.

BY THE NEW ASSOCIATED PRESS—A.M. NEW YORK, Dec. 26.—In a copyrighted article in the National Magazine, United States Senator Mark Hanna of Ohio writes at length concerning the late President William McKinley. In conclusion, the writer gives the following personal reminiscences:

"I know of nothing in American history that can compare with the splendid climax and ending of this noble life. One of the sweetest consolations that come to me is the memory that on Tuesday, preceding his death, he asked to see a newspaper, and when he was told 'not today' he said: 'I

'Yes, Mr. President' was the response, and in that one sweet last remembrance was the latest style for the years of devotion which it had always been my pleasure to give him. There was nothing in the expression of his face or manner denoting exultation over his victory, when it was announced that he was elected President. He seemed to fully realize the sacred responsibility placed upon him, and the quiet dignity and self-possession which marked the man then, and which after years of what his personal friends expected of him. The first day I greeted him at the White House, in the course of conversation, I inadvertently called him 'Major' and 'Governor' and when I stopped to correct myself, he would say: 'Each one is fitting; I'm not particular which.'

DETROIT (Mich.), Dec. 26.—Dr. Howard Longyear, one of the attending surgeons on Gen. Alger, last night that the critical period in the general's illness had passed, and that he was recovering rapidly. He has been taking some nourishment for the first time, and has named a very comfortable day, said Dr. Longyear.

**Quenan Controversy.**  
**Yonkers Track Sold.**  
**Race Results.**

THE NEW ASSOCIATED PRESS—A.M.  
KANSAS CITY, Dec. 26.—Tommy Ryan, once a prize fighter, now in business in Kansas City, brought suit in the Circuit Court here today against Jeffries to recover \$1000 which he claims is due him for training the champion for his fight with J. J. Corbett at Coney Island in May. The papers were served on Jeffries while he was in a Turkish bath, and he paid no attention to them, over and over continuing his sleep, making reply.

**Don of Candles "Falls Down" in the Last Part of the Five-furlong Handicap—Bullfinch Wins from Gaffer—New Horse Results.**

THE NEW ASSOCIATED PRESS—P.M.  
SAN FRANCISCO, Dec. 26.—Long and horses were in evidence today at the track, only one favorite getting home in front. The opening event was the \$1000 five-furlong handicap, won by the five-furlong favorite, owing to her light impost. The great part of the way, she was third. Her early lead was lost, but she won the race by a head. Results:

**SEVEN BISBEE COPPER CLAIMS CHANGE HANDS.**

**MICHIGAN SYNDICATE ADDS THEM TO ITS HOLDINGS.**  
**Copper Outlook at Bisbee is Bright—English Syndicate Secures Control of Famous Waterman Mine in Mexico—Rich Ore of Hidden Treasures.**

In spite of the war in the copper market, there is no cessation of active operations in the red metal mining districts of Arizona, but on the contrary there is much more life in many of the fields than several months ago. This is especially true in the Bisbee country, where almost all the operators are at work, and some of the larger ones are adding to their holdings.

One of the most important sales recently consummated in the Bisbee district was brought to a head early this week, when seven valuable copper claims were acquired by the Calumet and Arizona Company, one of the large land owners in that district. This company is backed by a wealthy Michigan syndicate, and has for some months been developing claims adjoining the Copper Queen, and as a result of the deal just closed it has acquired seven new claims for which the company is reported to have paid \$165,000. They were purchased from L. C. Shattuck, M. J. Brophy and Martin O'Hare, and the claims are said to be on the same grade as the Copper Queen. The Calumet and Arizona Company recently declared to erect a smelting plant at Douglas.

**COPPER OUTLOOK BRIGHT.**  
"I cannot see that the trouble in the copper market is the effect of development work in the mining districts around Bisbee in the slightest," said M. J. Brophy, one of the operators of Bisbee who is in the city on business. "All the large claim holders are working away just the same as ever, and many of them are making extensive improvements on their respective properties. The Copper Queen, the Bisbee and Bisbee West companies at Bisbee are making good progress in the development of their claims. In the Cananea and Nacarni copper districts there is greater activity than ever, and we believe in Bisbee that the copper outlook was never brighter."

**ENGLISH GET WATERMAN MINE.**  
The famous Waterman mine, near Jesus Maria, Mex., has, according to a report from Chihuahua, passed into the hands of an English syndicate, the consideration being close to \$500,000. It has just been a year since the English syndicate sent a party of engineers out to examine the well-known property. A thorough inspection was made, and it is said that they reported the property was in better shape and more valuable than they had expected. A year ago the Waterman mine was regarded as a most extensively developed property, and since then several new and rich veins were opened up.

**HIDDEN TREASURE MINE.**  
Some very rich ore was recently taken from the Hidden Treasure mine, in the Black Cañon district, near Prescott. Ford White, a mining prospector who recently came in from Prescott, stated that five tons of gold ore were secured in Prescott from the mine, and that it averaged \$100 to the ton. Other veins have been taken out that went as high as \$170 a ton. On the property, which is fourteen miles from Mayer, 700 feet of development work has been done, and a ledge of high-grade ore 6 feet in width has been uncovered.

**COPPER BELLE'S PROPERTY.**  
The Copper Belle is a new arrival on the local stock market. This company is operating in Graham county, Ariz., about eighteen miles from San Carlos. There are two shafts on the property, one 10 and the other 60 feet, with ore down to the bottom of each. The cross-cut on the 60-foot level is 15 feet all in ore. The ore found is said to be copper sulphides. It is also reported that the company will put up a smelter as soon as the tunnel now being driven reaches the vein.

**A School in Naki, Arabia.**  
During my stay at Naki I visited some of the schools, of which there are five here, and saw the children imbibing instruction in the usual Moslem style, repeating aloud sentences of the Koran or rules of grammar read out by the mullah. They attend in the morning, and may be seen at an early hour hurrying to school, boys and girls together, some with a "mulla," or wooden Koran stand, on their heads, some with a painted board or camel shoulder blade, on which they learn to write, under their arm. The instruction given is of a very elementary character—reading, writing, Arabic grammar, the Koran, and a little arithmetic being the only subjects. But the boys of the learned and wealthy are often educated at home by a mullah, and advanced further. The lack of method is partly compensated for by the industry and tenacity of memory shown by the boys. Naki deserves attention for the comparatively advanced state of education among the people. There is a larger proportion of persons in this town able to read and write than in any other in Oman. There is a good number, consequently, of scribes. Books, consequently, are not so scarce here as elsewhere. The higher position of this part of the country during the time of Nadir Shah—(Geographical Journal).

# Gifts for Members of Presbyterian Chinese at Y.M.C.A. Auditorium Last Night.

Santa Claus was a little late getting around to the Chinese children of Los Angeles, but he finally filled his appointment last night, when gifts were distributed from a beautifully decorated tree, at a unique Christmas service in the Y.M.C.A. auditorium. It was the annual Christmas entertainment of the Presbyterian Chinese mission school, and attracted an audience that filled the hall from the top to the bottom.

A handsome tree, loaded with gifts and bright with tinsel and burning tapers, was attractive, but the main feature was the company of little Chinese children, who occupied the center of the stage, and who were gorgeously attired in all the primary colors and numerous variations. One youngster in the front row, who evidently was attracted in his first brand-new suit of American clothes, early in the programme discovered that he had pockets in his pants, and from that time on afforded great amusement for the audience.

An interesting programme of songs and recitations was given by the children, and the young men from the night mission school sang several selections. Yip Kim Yow, an elder in the Chinese Presbyterian Church, gave an address, and was followed by talks

from Rev. William P. Chalfant, Dr. B. C. Atterbury and Rev. C. M. Fisher, each of whom has spent several years in China in the mission work. Rev. Dr. Ellis of Oakland, the former pastor of First Presbyterian Church of this city, and under whose pastorate the Los Angeles Chinese mission work was begun, was present, and gave reminiscences of the opening of the work. The Presbyterians took up the Chinese mission work in this city in October, 1879, and during Dr. Ellis's pastorate twenty-seven Chinese young men were baptized and received into the church. They desired a separate church, and in a few weeks raised among their own people \$1200 in gold, with which to purchase a location. The Presbyterians of the city contributed an equal amount for their building, and the mission was established in its home, No. 214 Wilmington street. Dr. J. C. Saulsbury was placed in charge as superintendent, and still continues in the work. Mrs. S. J. E. Noble and Miss Ida Boone have also taught in this mission for the past twenty years, and Miss Wilcox is in charge of the smaller children's school in Chinatown, where thirty-two children are at present enrolled.

For years the Presbyterian board of foreign missions helped support the work, but about three years ago left it to be carried on by Los Angeles Presbyterians. The board has again and Miss Wilcox is in charge of the smaller children's school in Chinatown, where thirty-two children are at present enrolled.

gus Mountain Copper Company, arrived at his home in this city yesterday after a three months' trip

through the East. He had planned to eat Christmas dinner at his home on Coronado street, but missed it by a day.

A. F. Frankenstein, director of the Orpheum Orchestra, was the recipient, on Christmas, of a beautiful token of esteem from his mutual associates. It is an Elks' emblem pendant for watch-guard, with the regulation Elks' tooth mounted on gold, the letters E.P.O.R. and the clock face with hands indicating 11 o'clock.

**UNION'S HOTEL AND REFINERY STARTED.**

**COMPANY TO HAVE BEST IN KERN RIVER FIELD.**

There is Little Cheap Oil Around Bakersfield—Train Men Running to Sunset—Columbia's Good Prospects—Business on Local Exchange.

The Union Oil Company of this city has just been advised that the

mining plant to be erected on section 8, 29, 28, of the Kern River field, and from now on work will be pushed with vigor.

An officer of the company stated yesterday that loading racks are already in place for the stills having been arrived on the ground. Besides the remaining plant, the company is erecting a hotel building.

According to plans the building will be a two-story structure on the River field and will also be the best equipped. It is to be built of wood and will be ready in a few days.

**CHEAP OIL IS SCARCED.**

"The impression prevails in certain quarters that crude oil is a very cheap commodity," says a company official, "but the fact is that it is not. As a result many of the producers have been deluged with invitations to submit bids for oil. It is not possible to get away from a few cars a day to several thousand a month," says the California official.

Several of the oil companies in the southern metropolis adopted this plan to get the market to receive a response to their proposition. The announcement abroad that its representatives were ready to sell oil at a low price, prepared to close up contracts for a big quantity of oil. He came, but the price was not low.

He spent the entire day protesting for cheap oil, and failed to close up a deal up to Kern. He says there is no cheap oil in Kern.

**SUNSET TO SUNSET.**

The Sunset Railroad Company has formally opened and trains are now running on regular schedule. The company is employing the old men that the passenger depot will be a big one at Kern Junction. The depot will be of frame and clear.

**COLUMBIA'S GOOD LUCK.**

The Columbia Oil Company expects to open up a big well in the McKittick field in the next few days. On May 22, and, according to a report from the scene of operations, oil was struck at a depth of 1,000 feet. The well is deeper than in the McKittick wells on the adjoining section.

**ON 'CHANGE.**

**LITTLE BUSINESS TRANSACTIONS**

Reed Crude, at a little under 2 cents, was the only oil stock to change hands on the market today.

Other securities were sold, but the rest was in the mining line.
